IMPORTANT NOTES

- NEW IT-SYSTEM: LabScala**
Dear client,
Labquality will take into use its new IT-system, LabScala, in May 2012. In the first phase of LabScala you will have access to some electronic forms as well as user administration. You will also have a manual for LabScala use accessible from the top right corner of every page, under the "Help" – text. Please do not hesitate to contact us if there are any questions concerning the use of LabScala. We hope to be able to provide you with an even better service with the help of LabScala.
- Scheme 5260, Fungal culture 2, 2012, delivery postponed to June.**
Fungal culture 2, 2012 (5260, May) delivery has been postponed to June. The new delivery date will be June 12, 2012.
- BALM2012 succesful**
Labquality thanks all the congress participants and exhibition guests for visiting our booth and presentations at BALM 2012!

„Go to Mainio“

The screenshot shows the LabScala user interface. At the top, there is a navigation bar with a home icon and three menu items: "My Schemes", "My registry", and "Administration". Below this is a header area with the text "Welcome to the new LabScala user interface" and a "Help" icon on the right. The main content is divided into two columns. The left column has a "My EQA" section with a dropdown arrow. Underneath, there are sections for "LATEST 3 NOTIFICATIONS" (stating "You have no notifications."), "NEXT 3 CLOSING SCHEMES" (a table with 3 rows), and "MY REPORTS" (with a "Go to Mainio reports" link). The right column has a "Links & notes" section with a dropdown arrow. Underneath, there are "SHORTCUTS" (with links for "Place orders", "View reports", "Final results", and "Go to Mainio"), "IMPORTANT NOTES" (with three notification items), and a footer area with "Additional info". A red arrow points from the text above to the "Go to Mainio" link in the "SHORTCUTS" section, which is circled in red.

Kontrola správnosti údajov

Na začiatku skontrolujte správnosť údajov všetkých vašich metód vrátane používaných jednotiek:

1. Kliknite na **Methods data**, potom na príslušnú metódu a na tlačidlo **Edit** (ak chcete vykonať opravu) alebo na tlačidlo **New** (ak chcete vyplniť novú metódu).
2. Pomocou roztváracieho menu na pravej strane vyberte reagencie, metódu, chemický princíp, kalibrátor, prístroj a jednotky. Zadajte vaše referenčné hodnoty.
3. Vybraté údaje uložíte klikom na tlačidlo **Save**.

Kontrola správnosti údajov

Ak v priebehu roka **zmeníte** niektoré metódy alebo údaje o nich, vrátane jednotiek,

predtým, než odošlete výsledky z kontrolného cyklu do Labquality,

vykonajte na svojom klientskom kanáli ***update*** metodických údajov vrátane jednotiek u metód , ktoré ste zmenili.

Poznámka

Zmenu údajov vykonajte najneskôr v mesiaci, za ktorý posielate výsledky *Short term Serum* (rutinná klinická biochémia). Ak update vykonáte až nasledujúci mesiac, zmena sa vám vo vyhodnotení výsledkov aktuálneho mesiaca neprejaví.

Zasielanie zmien

Ak nemáte prístup k internetu, pošlite údaje o metodických skupinách do Labquality vyplnené na papierovom formulári.

Poznámka

Registrácia metód sa vyžaduje preto, aby im boli priradené správne cieľové hodnoty. V opačnom prípade bude metóda v hodnotiacej správe zaradená do skupiny **Other**.
